## Content of the curriculum

Participants discussed the proposed curricula of the educational programs of Karaganda University of Kazpotrebsoyuz, discussed the expected learning outcomes, selected the disciplines and implementation process into the curricula.

Researches have improved the list of expected professional skills and learning outcomes, according to these improvements the name of the courses were changed. And proposed the changes to partner universities.

Following the discussion, the participants agreed on the following actions:

- conducting additional consultations with universities to integrate the proposed programs.
- collecting and analyzing data to adjust the structure of the modules.
- preparing content for dissemination

## Trainings

During the meeting, the participants asked questions about testing educational materials and possible risks of introducing new programs into the educational process. All questions were discussed, and ways to solve emerging problems were proposed, including the need for additional training of teachers and specialists.

The Working group has discussed the proposed dates of the training sessions at EU universities.

## Conclusion

The meeting was successful, the key points of the project were clarified, tasks were distributed and implementation deadlines were approved. The participants were active, and the work will continue according to the planned schedule.
